STRUCTURE FLEXIBILITY

RENTAL CONVERSION

Did you know your rental unit could be fully depreciated on this year's tax return if you convert to a purchase finance agreement? That's right! New units on rental are eligible for 100% Bonus Depreciation and Sect. 179, if converted before the end of the year. Even used units on rental are eligible for Sect. 179 depreciation for up to \$1,000,000 in equipment purchases, if moved from rental to purchase by year-end. Let's work together with Sakai Financial Services, a Program by ENGS Commercial Finance Co., to maximize your dollars and minimize your tax liability.

USED EQUIPMENT

Sect. 179 and 100% Bonus Depreciation apply to new and USED equipment. In addition to new equipment to rent or purchase, your dealer has a large inventory of used equipment to meet your needs. Finance your used equipment purchase through Sakai Financial Services, a Program by ENGS Commercial Finance Co., and you may be able to depreciate the full purchase price on your 2019 tax returns under Sect. 179 or 100% Bonus Depreciation. Call, go Online, or visit to view used inventory, select the right machine for your needs, and get financed through Sakai Financial Services today.

Tax Incentives Updated for 2019

*We Can Help You Understand
the New Sect 179 and Bonus
Depreciation Updates*

Section 179 Deduction for 2019 increases to \$1,000,000. Businesses purchasing, financing or leasing (Capital or \$1.00 types) new and used equipment in 2019 can elect to expense up to \$1,000,000 under IRS Section 179. The Section 179 rules are designed for small companies, so the write-off is reduced dollar-for-dollar as total equipment purchases for the year exceed \$2,500,000.

100% Bonus Depreciation.

The Bonus Depreciation deduction has increased to 100%. Businesses of all sizes can depreciate 100% of the cost of new and used acquired equipment (on an adjusted basis) retroactive to Sept. 27, 2017 and good thru 2022. Unlike Section 179 there is no cap on the amount that can be depreciated under this provision.

Example: \$500,000.00 Total Equipment Cost

Equipment Cost	\$500,000
2019 Section 179 Deduction	\$500,000
Bonus Depreciation <i>*100% in 2019</i>	\$0
MACRS First Year Deduction	\$0
Total First Year Deduction	\$500,000
Tax Savings <i>*500,000 x 21% Tax Rate</i>	\$105,000
Equipment Cost After Tax Savings <i>*Equip Cost-Tax Savings</i>	\$395,000
