Customer Location:	Date of Inspection:

Complete all applicable sections.

Sec.	Check Point	Check	Sec.	Check Point	Check
GENERAL CONDITION	Visual inspection – no damage, dents, or scratches	☐	VIBRATION / WATER	Vibration ON/OFF control	☐
	Paint condition acceptable	☐		High / low amplitude selection	☐
	All decals legible and properly applied	☐		Vibration operates smoothly – no abnormal noise	☐
	Safety decals and warning labels present	☐		Water pump functional	☐
	All guards, covers, and panels secure	☐		Water tank – filled and no leaks	☐
	Reflective tape intact (if equipped)	☐		Water filter and timer	☐
	Operation, Parts, and Safety manuals in holder	☐		Spray nozzles – even pattern, no clogs	☐
ENGINE	Engine oil level (dipstick)	☐	BRAKE / STEERING	Scraper blades adjusted and secure	☐
	Coolant level	☐		Coco mats (if equipped) – clearance / function	☐
	Fuel level / fuel system – no leaks	☐		Parking brake holds on slight slope	☐
	Air filter / intake – clean and secure	☐		Machine barely rolls with brake OFF on slope	☐
	Belt tension and condition	☐		Machine stops instantly with brake ON	☐
	Low / high speed control	☐		Foot brake (service brake) operation	☐
	Throttle control (cable or switch)	☐		Steering orbitrol – smooth and responsive	☐
ELECTRICAL	Exhaust system – secure, no leaks	☐	FINAL PREPARATION	Power steering cylinder – no leaks	☐
	Engine starts and runs smoothly	☐		Center pin lubrication	☐
	No abnormal noise or vibration at idle	☐		Center pin hoses – secure, no leaks	☐
	Battery secure / charged / terminals clean	☐		Articulation lock pin – functions and stows	☐
	Key switch functions properly	☐		Machine washed and detailed	☐
	Warning lamps illuminate at key-ON	☐		All grease fittings lubricated	☐
	All gauges and indicators functional	☐		Tire pressure checked (if rubber tire)	☐
TRAVEL / HYDRAULIC	Lights and flashers operational	☐		All fluids topped off to proper levels	☐
	Strobe light functional (if equipped)	☐		Fuel tank filled (if required)	☐
	Horn functional	☐		Warranty registration process completed	☐
	Forward and reverse travel – smooth operation	☐			
	Hydraulic oil level (sight gauge)	☐			
	Pumps: travel, vibration, steering – no leaks	☐			
	Motors: travel, vibration – no leaks	☐			
COMMENTS	Hoses, pipes, fittings – secure, no leaks	☐			
	Hydraulic filters – no leaks	☐			
	Oil cooler – clean and unobstructed	☐			
	Auto Speed function tested (SW884 / SW994)	☐			
	Unloader valve – verified closed	☐			

This machine has been inspected, serviced, and is in satisfactory condition for delivery to the customer.
